???????

Everyone gets to protest in their own way!
We are protesting, "again".
Don't expect everything from us!
I'm off to the protest. Be right back.

Just because we are monsters...

Just because we are not human...

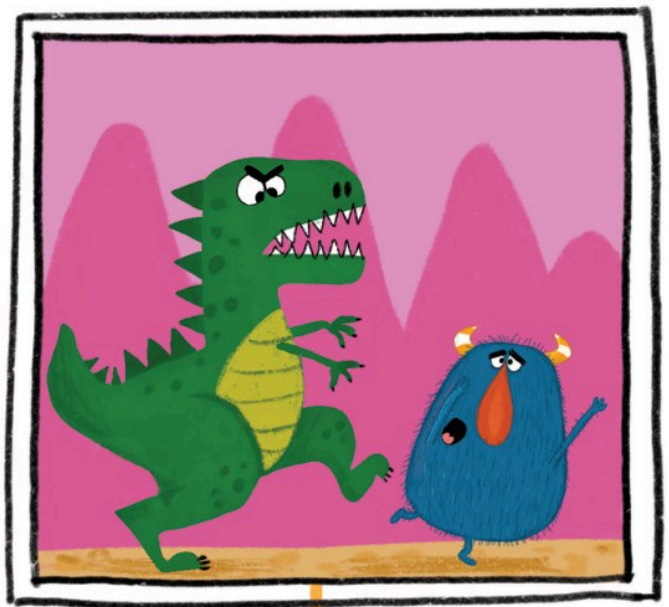

Do you think we don't
love the Earth?

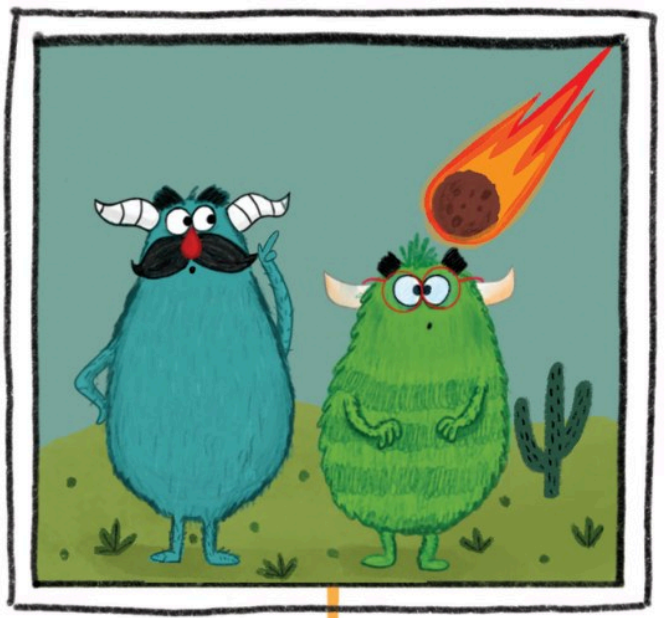

We live on Earth, too.
Earth is our home, too.
And just between us,
we haven't seen a lovelier
planet anywhere.

Saturn
(too gassy)
Pluto
(not even
a planet)
Jupiter
(too big)
There's nowhere else to live.
So don't go looking anywhere else.
Uranus
(lying on its side)
Neptun
(too cold)

We've been on Earth for a very, very long time. Even before you...

Oh dear... Things we've seen!

You weren't even around back then. This place was wild and empty.
