RES

There is both fun and action in the games I design. You look like that you're the kind of person who likes to play games and move around in space. Well, do you want to play a game in space then?

If your answer is yes, touch your nose.

**Great!**

If you're ready, let's get started.

Here is Mercury, this is the closest planet to the Sun.
How many red robots are there in Mercury? Can you count them?
